Mahan Team Continues Success at Big Brown Truck Pull

The Paducah Big Brown Truck Pull continued its successful run in the heart of Historic Downtown Paducah on Saturday August 2, 2014 when it returned as part of the city's Riverfront Concert Series.

Teams of 15 participants representing 27 companies and organizations from throughout the area took turns seeing who could pull a loaded UPS 18-wheeler 12 feet in the fastest time. Teams got two pulls each to post their best time and teams that raised more than \$1,500.00 got an additional bonus pull to try to improve their time.

Members of the C.J. Mahan Construction Company Smithland Hydroelectric Project exceeded their 2013 contribution and placed 3rd in their division, raising an astounding \$2,708.00 for the Special Olympics Kentucky. The event collectively raised more than \$33,000.00.
