

FOR IMMEDIATE RELEASE

May 20, 2015

Mahan and Subsidiaries Co-Sponsor RiverWorks Discovery® Traveling Exhibit

Whether they're replacing a lock wall on the Monogahela River, constructing a cofferdam on the Tennessee River, building an intermodal dock on the Mississippi River, or constructing one of its five Ohio River crossing, C.J. Mahan Construction Company (Mahan) and its subsidiaries have a long history of supporting and working on America's Inland Waterways. In continuation of this support and working in conjunction with RiverWorks Discovery®, Mahan and its subsidiaries are proud to co-sponsor the RiverWorks Discovery®: a Journey of Imagination and Exploration of America's Waterways. This traveling exhibit is a hands-on, educational exhibit designed to teach the importance of commerce, culture, and conversation on America's inland waterways. It accomplishes this mission by telling a rich, complex, multidisciplinary story through the use of immersive environments, hands-on interactive exhibits, educational panels, engaging films, and engaging artifacts. The 2,000 square foot family-friendly traveling exhibit brings America's inland waterways to life in a meaningful and tangible way to hundreds of museum visitors across the country, including here in our hometown of Columbus, Ohio, at the Ohio History Connection. Mahan and its subsidiaries Aquarius Marine and TerraFirm, encourage all to attend the Columbus exhibit event, running from May 20, 2015 through August 16, 2015.

For more information on RiverWorks Discovery® and exhibit hours, please visit the program's website: <http://www.riverworksdiscovery.org/traveling.cfm>.

The poster features a blue banner at the top with the text "OPEN MAY 20 - AUGUST 16". To the right is a circular badge that says "FREE FIELD TRIPS!". The main title "Come Explore RIVERWORKS DISCOVERY" is prominently displayed, with "RIVERWORKS" in green and "DISCOVERY" in blue. Below the title is an illustration of a red water wheel and a grey industrial building with a smokestack. The text "Embark on a journey in this interactive exhibit and learn about commerce, culture and conservation on America's waterways." is centered below the illustration. A small "RiverWorks Discovery" logo is shown to the left of a paragraph of text. At the bottom, logos for funding partners are listed: American Electric Power Foundation, C.J. Mahan Construction Company, Ohio History Connection, OSGMP, and TerraFirm Construction, LLC. The footer contains the Ohio History Connection logo and contact information.

OPEN MAY 20 - AUGUST 16

FREE FIELD TRIPS!

Come Explore
**RIVERWORKS
DISCOVERY**

Embark on a journey in this interactive exhibit and learn about commerce, culture and conservation on America's waterways.

**RiverWorks
