2014 Mahan Safety Retreat

C.J. Mahan Construction Company, LLC (Mahan) held its annual Health and Safety Retreat at the Hyatt Regency in Louisville, Kentucky from April 11 to April 13 and May 16 to May 18, 2013. Mahan hosted over 90 field supervisors and office managers from its corporate office and project sites in Kentucky and Virginia.

Nationally renowned and Master Certified Career Coach Janine Moon was brought in to speak at the event and an interactive workshop was organized aimed at driving home the importance of teamwork, coaching and employee feedback. Ms. Moon has a proven track record of helping organizations further develop their human capital and based on the Mahan teams' outstanding participation throughout the workshop, the event proved to be a success.

Managing Partners Gary Yancer and Doug McCrae chaired the business portion of the retreat which included project updates and pursuits, while Chief Engineer Jason Barkhimer provided information surrounding the creation of a small tools tracking program. The retreat concluded with Partner Colin McBride and Superintendent Chris Gray discussing the implementation of new project management software and Safety Director Hope Matheny reviewing upcoming project safety incentives.
