Mahan Awarded Ohio River Terminal Expansion Project

C.J. Mahan Construction Company, LLC continues its success pursuing work on the Ohio River with the August 7, 2015 award of the Utica Terminal Expansion Marine Construction Project in Toronto, Ohio for Plains All American Pipeline. The contract, valued at \$5,743,300, consists of new cell construction, cell repair, product barge build-out, and land work which includes concrete foundations founded on steel H-pile.

Work is scheduled to begin in September 2015 and complete by the end of March 2016.
